

Battery Replacement iHome Bluetooth Mac Mouse - White (IMAC-M110W)

The technique to easily replace the batteries in this little Macintosh compatible Bluetooth Mouse.

Written By: MyOnline Promotions

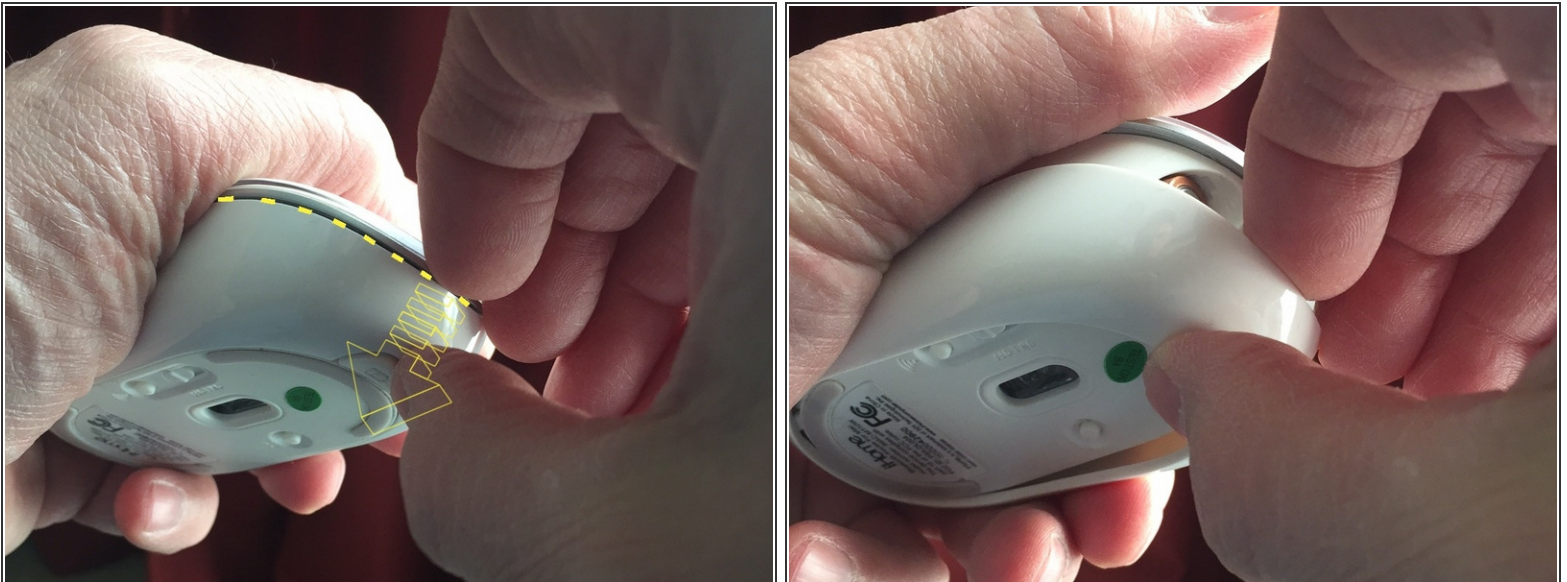

Step 1 — Button and separation

- There is a small button on the bottom. It has an image of a Battery on it.
- Grasp the mouse in one hand, with the other hand - using your thumb depress the button. With your index finger catch the first seam with your fingernail

Step 2 — Pull the bevel away from the mouse

- You can now slide the bevel down and away from the top of the mouse.
- The two AAA batteries will now slide out as needed.

Step 3 — Replace cover

- When you replace the cover (bevel) be sure to align and insert the 2 tabs first.
- Then you can snap the back of the bevel back on.

To reassemble your device, follow these instructions in reverse order.
